CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

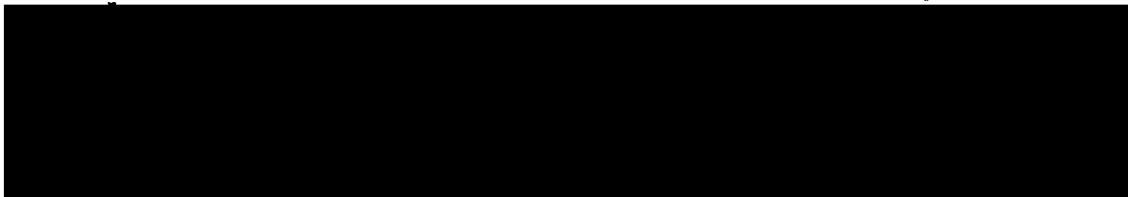

22 APR 1975

1093-75

25X1C

In your letter of 11 March you asked what guidelines we follow in releasing World War II intelligence documents.

25X1C

As you may know, we are required by Executive Order 11652 to review all documents classified before 1 June 1972 as they become 30 years old. Many of the documents you hold may therefore already have been reviewed and declassified. I suspect it might be quite a formidable undertaking to check your holdings against ours to determine what is and is not in the public domain.

25X1C

In addition to the automatic review of the classification of older documents, the Freedom of Information Act requires us, upon request, to review documents of any age to determine whether they should be declassified and released to the requester, in whole or in part. The recent amendments have left intact provisions that in effect require the exemption of classified documents if we determine that they contain information received in confidence from foreign governments or that their release would jeopardize intelligence sources and methods.

25X1C

Classified by	037178
Exempt from automatic declassification schedule of E.O. 11652
